This Service & Information Manual contains material which is vital to the successful planning, marketing and management of your display in the Greater Milwaukee International Car & Truck Show. Failure to read this manual and respond promptly in ordering services could result in higher rates.

The services and contractors listed in this manual are for your convenience. Show Management suggests that you employ the services of GES, the official show contractor, for your greatest efficiency and ease, since they are familiar with the show and work schedule. All independent contractors must coordinate their work schedules with GES and comply with the guidelines and insurance requirements.

Please note that insurance policies must provide coverage for all dates from move in through move out. All policies must include additional insured information as is listed in the Important Rules and Requirements section of this manual. All insurance policies must be completed correctly. Policies that are not completed correctly will be returned. All exhibit set up contractors must submit a correct and complete policy at least thirty (30) days prior to the first move-in day of the show or they will not be permitted to work in the Wisconsin Center.

The most up-to-date exhibitor information, including CAD floor plans (DWG format) and GES forms can be downloaded at www.AutoShowMilwaukee.com. The information can be found in the "Exhibitors" section of the web site. Show forms for General Service Contractor, Electrical, AV and Internet will soon be available at <https://ordering.ges.com/071600860>

It is important that you review this manual with those persons or agents having responsibility for your participation in the show. Motor Trend Auto Shows thanks you for your cooperation. We wish you a most successful Greater Milwaukee International Car and Truck Show!

Move-In & Set-Up Information

IMPORTANT INFORMATION FOR YOUR FREIGHT CARRIERS

All drivers must check in at the Marshaling Yard. Upon checking in at the yard, drivers will be given a window card and will be directed to the Wisconsin Center as dock space is available. The yard is located at:

Greater Milwaukee International Car and Truck Show
Your Company Name & Booth Number

In order to expedite the unloading/loading of trailers on site, when possible, we will bring the trailers right onto the show floor. However, we are not able to do this when the trailers are covered in snow. The snow melts damaging the carpet and causing slip hazards. If your truck is covered in snow, we recommend that you stop at a truck wash before arriving at the marshalling yard. Trailers with snow on them, will not be brought on to the show floor.

If you have any questions, please contact Allan Charles, GES Operations Manager at (630) 258-1412.

Carpet Installation, Freight Deliveries & Exhibit Set-Up

In order to ensure a smooth and efficient move-in, a detailed schedule has been developed. Please distribute copies of this schedule to freight carriers and exhibitor appointed contractors. Trucks will not be permitted to enter the up ramp to the loading docks until their scheduled time. The display supervisor should be on-site at the start of the freight target time in order to direct crate placement. Labor for exhibit installation should be ordered no sooner than two hours after the beginning of the targeted time for freight deliveries as denoted on the schedule. All crates must be emptied and labeled for empty storage no later than Wednesday, February 20 at 3 p.m. in order for GES to remove them from your exhibit space. Any request for an earlier move-in then specified on the schedule should be directed to Motor Trend Auto Shows at (323) 216-7557.

NOTICE: Failure to adhere to the timelines designated in the following schedule or failure to provide an electrical order with a blueprint could result in a 30% off target surcharge on freight, labor or services.
