This Service & Information Manual contains material which is vital to the successful planning, marketing and management of your display in the Milwaukee Auto Show. Failure to read this manual and respond promptly in ordering services could result in higher rates.

The services and contractors listed in this manual are for your convenience. Show Management suggests that you employ the services of Event Design Group (EDG), the official show contractor, for your greatest efficiency and ease, since they are familiar with the show and work schedule. All independent contractors must coordinate their work schedules with EDG and comply with the guidelines and insurance requirements.

Please note that insurance policies must provide coverage for all dates from move in through move out. All policies must include additional insured information as is listed in the Important Rules and Requirements section of this manual. All insurance policies must be completed correctly. Policies that are not completed correctly will be returned. All exhibit set up contractors must submit a correct and complete policy at least thirty (30) days prior to the first move-in day of the show or they will not be permitted to work in the Baird Center. (formerly Wisconsin Center)

The most up-to-date exhibitor information, including CAD floor plans (DWG format) can be accessed via the "Exhibitors" link at [www.AutoShowMilwaukee.com](http://www.AutoShowMilwaukee.com).

It is important that you review this manual with those persons or agents having responsibility for your participation in the show. We wish you a most successful Milwaukee Auto Show!
